

Training Course Specification

Course: Introduction to Sage Accounts

Aims and objectives of the course: This course is designed for users of Sage Instant, Instant Plus or other versions of Sage accounts who have little or no knowledge of the programme.

At the end of the workshop delegates will feel confident about using the programme to process financial transactions and produce simple accounts

Who should attend: Those who wish to use Sage for recording financial transactions.

Pre requisites: Some knowledge of how to use the keyboard, mouse and other Windows systems is assumed. Those who have little or no knowledge of the structure of accounting systems should expect to spend some time on the concept of double entry book keeping
